

To: Our Valued Vendors, Customer AND Employees  
Date: December 2, 2020  
Subject: Business Visits – End of the Year Gratitude

In continued observance of Governor Lamont's Executive Orders, Har-Conn Chrome also continues to restrict customers and vendors from visiting our facilities for anything other than routine job pick-up and drop-off.

For the full advisory and the [routine updates](#) to the advisory please go to: **ct.gov** and select the **ct.gov/coronavirus** link at the top of the page. From there you will see another blue box that says **CT Travel Advisory in Effect** midway down the page.

During this holiday season and as we bring the year 2020 to a close, we would like to extend a sincere Thank You to all of our vendors, customers and especially our employees for their continued patronage, support and dedication to our business and industry as a whole. The aerospace industry is like no other and the way in which we all pull together, in this most difficult time, has been amazing.

All of us at Har-Conn Chrome Company wish you, your employees and your families a wonderful, safe and peaceful holiday season. Best Wishes for an outstanding 2021!

Sincerely,

Timothy K. Backus  
President & CEO
